Subject Community Health Program Meetings

As most of you already know, the Community Health Program subcommittee will begin meeting every Thursday after each weekly biomonitoring clinic. The meetings will be vital - WE NEED YOUR HELP! These meetings will be a place to organize and plan outreach for the upcoming clinic, to debrief from the latest clinic, and to discuss myriad Community Health Program issues. The following are times and places of upcoming clinics and Community Health Program meetings - NOTICE THAT ALL CLINICS WILL BE ON WEDNESDAYS. ALL CHP MEETINGS WILL BE ON THE FOLLOWING THURSDAY AT DIFFERENT LOCATIONS AT 10:00 A.M (except on July 14, when the CHP meeting will be at 1:00 so as not to conflict with the Working Group meeting that morning)....

-jc
